

Tolerances for CHEMFAB® Process Belts

Saint-Gobain Performance Plastics offers many styles of belting for various industrial processes. The following standards apply to our fabricated belting products:

Property	Dimension	Tolerance
Width	Less than 600mm	+/- 1.6mm
Width	From 600 to 1200mm	+/- 3.2mm
Width	Over 1200mm	+/- 6.4mm
Length	≤ 6m	+/- 12.5mm
Length	> 6m, ≤ 27m	+/- 25mm
Length	> 27m	+/- 50mm

**For woven to width (untrimmed) belting, please consult your District Sales Manager or Customer Service Representative.*

These tolerances are for finished belts. Belts that have mechanical splices and/or heat-sealed edges may exhibit some shrinkage during fabrication. These belts will return to proper size when installed. All belts are subject to some elongation when put under tension.

Tighter tolerances can be achieved, but may require a surcharge. Please contact your District Sales Manager or Customer Service Representative for more information.

Limited Warranty: For a period of 6 months from the date of first sale, Saint-Gobain Performance Plastics Corporation warrants this product(s) to be free from defects in manufacturing. Our only obligation will be to provide replacement product for any portion proving defective, or at our option, to refund the purchase price thereof. User assumes all other risks, if any, including the risk of injury, loss or damage, whether direct or consequential, arising out of the use, misuse, or inability to use this product(s). SAINT-GOBAIN PERFORMANCE PLASTICS DISCLAIMS ANY AND ALL OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.

NOTE: Saint-Gobain Performance Plastics Corporation does not assume any responsibility or liability for any advice furnished by it, or for the performance or results of any installation or use of the product(s) or of any final product into which the product(s) may be incorporated by the purchaser and/or user. The purchaser and/or user should perform its own tests to determine the suitability and fitness of the product(s) for the particular purpose desired in any given situation.
